

Sanborn Regional School District

Request for Online Resource Consideration

Teachers, please print this form, complete it thoroughly, and submit it to your building principal.

Purpose of this form

Please complete this form thoroughly and route it to your building principal if you would like to have an online resource considered for addition to our district's technology platform for students. Under its current guise, most of these resources will fall into one of three categories: Apps for Google Chromebooks, Extensions for Google Chromebooks, or e-books.

Please complete this section of the form thoroughly

Is the resource that you are submitting for consideration a (check one):

Google App Google Extension
 e-Book Other (please specify here) _____

Please provide the title of the App, Extension, e-Book, or other item: _____

What is the target audience for this resource? Please list all that apply (Elementary, Middle, High)

Do you envision this App, Extension, e-Book, or other item being installed across the entire district, across your school, or only in your classroom? _____

Are there any aspects of this App, Extension, e-Book, or other item that could be considered *controversial*? If so, please describe any concern(s) here:

Please explain the most important features of the App, Extension, e-Book, or other item. In other words, please describe why it would be an important resource for your classroom, school, or district:

Is there a cost associated with the resource? If so, provide that cost here _____.

Is the cost (if applicable) per student or is it a site license? _____.

Is the cost a one-time cost or is it recurring? _____.

Principals, upon your initial review, please submit this form to Patricia Haynes you support the acquisition and distribution of the online resource and would like to move the request forward for further consideration.
